CHIEF OFFICER
Steve Moore

To whom it may concern,

I am writing in support of *The Red Guide to Recovery - Resource Handbook for Disaster Survivors*. This handbook provides detailed and pertinent information to assist our residents during and after disaster events.

The handbook is perfect for our residents because of its simplicity and ease of use. The handbook coupled with the supplemental website provides comprehensive information in an easy to understand format that educates our community on those actions they can take to prevent, survive and recover from disasters.

The Handbook is also a tremendous asset in prevention and public education. We have and will continue to utilize it in our local programs including the Santa Barbara County CERT program.

Without reservation the Wildland Residents Association, San Marcos Pass Volunteer Fire Department supports the use of the Handbook by our community members. If you should have any questions or concerns, please do not hesitate to call me directly at 805-964-7194.

Sincerely,

Michael S. Williams
President-Executive Director
