Dear Friends,

On behalf of the West Long-Term Recovery Committee and the citizens of West, Texas we would like to take the time to acknowledge your generosity.

The events of April 17, 2013 will forever be on our minds, but your donation of *The Red Guide to Recovery – Resource Handbook for Disaster Survivors* will forever be in our hearts.

Our mission to rebuild and revive this wonderful community will be made a little easier with the use of your donation. Thank you for reaching out when so many are in need as "*Many Hands Make a Light Load.*"
